

SURFSIDE QUILTER'S GUILD  
2018-2019  
9th BLOCK OF THE MONTH  
LIGHTHOUSE – 8.5" w X 11.5" h

A bright light on a dark sea... You can use fusible applique or another method if you prefer. The block is cut 8.5" wide and 11.5" high. On a cold dark night at sea this lighthouse will guide you to safe harbor. Have fun with this, the lighthouse is our last block before we put the ten blocks together.
