Happy Holidays! This year has gone by so fast and I don't seem to have enough hours in the day to do all the quilting projects I have in my head and now with the holiday's fast approaching most of my project will have to wait until 2014. For a special treat I am including the January block to get you started on the New Year. I will jump ahead each month so we have time to put the quilt together for the June 2014 meeting. You will have a surprise coming for the finished projects----so stay tuned.

This month's block is "Ladies Wreath" and January's block is "Mosaic No. 22", so if you have been making these blocks along the way, you know how fast they go together. So get with it!
